

## FOILS ESCAPE OF PRISONERS.

Post-Office Clerk Sees Blanket Hope Hanging from Cell Window Before Dawn and Quickly Gives the Alarm.

### TWO ALL READY FOR FLIGHT.

Long Island City Police Called to Circumvent a General Plot of Desperate Criminals in Queens County Jail to Regain Their Freedom.

An attempt of two prisoners to escape from the Queens County Jail was frustrated by an employee of the Long Island City Post-Office seeing a blanket rope dangling from a third-story window to the ground as he was passing the place at 2:30 this morning.

Police and keepers entered the jail with drawn revolvers, prepared for a general outbreak on the part of the 122 prisoners.

They found nothing suspicious until they reached the third tier.

Ready for Flight.

Here in a cell occupied by Cornelius Murray and Frank Zuskowsky they saw the two prisoners lying on their cot, fully dressed and without any blankets over them.

Investigation revealed that the men had torn their blankets into strips and converted these into a rope. With a sash-weight taken from the window and a broken knife they had succeeded in displacing ten bricks. They were all ready to crawl through the aperture and alight to freedom when detected.

They took the discovery in grim silence.

Will Be Reindicted.

The men had been convicted of grand larceny and were to have been sentenced to-morrow. They will now be indicted for attempted jail-breaking.

In the past ten days there have been four attempts on the part of prisoners to escape. Sheriff De Bragga believes a wholesale delivery was planned for last night. He says never before has he had so desperate a lot of prisoners.

The number including three accused of murder and many awaiting trial on the charge of burglary.

## CHAUFFEUR KEEPS EMPLOYER SECRET.

Gabriel Caldron, Arrested for Speeding Panhard, Refuses to Tell Names of Man and Women in the Machine.

Gabriel Caldron, twenty years old, a French chauffeur, who said he lived at No. 149 West Ninety-ninth street, was arrested on Eighth avenue by Bicycle Policeman Hanley, charged with speeding a big Panhard automobile at the rate of sixteen miles an hour. He was locked up in the West One Hundred and Twenty-fifth street station.

In the automobile with Caldron were another man and two stylishly dressed women. They were first seen by Hanley at One Hundred and Twenty-fifth street and Eighth avenue, going north. Hanley says the machine was speeding at the rate of sixteen miles an hour and that Caldron refused to slow up when warned to.

Hanley jumped on his wheel and gave chase, catching up with the automobile at One Hundred and Thirty-eighth street. At a word from Hanley Caldron turned the machine about and started for the station-house. Caldron's companions left the vehicle. He denied that he was running at a higher rate of speed than the law allows.

## A Radical Departure

The 20th Century begins by offering new foods better suited to the times and the needs of the people.

**OATS**—were too heating and **WHEAT** was used in many forms, latterly in flaked and malted form, and now **CORN** comes to us—less heating, less starchy, more nourishing more vitalizing than either in the shape of

# KORN-KRISP

Double the food value of meat

## SAVES DROWNING MAN WITH LASSO

Policeman Hurls Hawser Noose Over the Head of a Stranger Who Is Sinking Beneath the River's Brim.

### VICTIM MAY NOT RECOVER.

Letters in His Pocket Were Addressed to Fred W. Doe, of Brockton, Mass., and Shoemakers' Union Book Bore Same Name.

The Rough Riders overlooked an accomplished and talented cow-puncher when they missed making Policeman William Beatty a member of the regiment. He lassoed a drowning man from the East River early this morning and did it with the grace of a vaquero. He was walking along the river front when at Bloomfield street he heard the screams of a man out in the river.

Out about fifty feet he could faintly see the form of a struggling man. The water was cold and uniforms come high.

Beatty seized a heavy hawser from the pier, and making a slip-noose, twirled the lariat about his head a number of times to get the proper control, and then launched it out through space. The noose fell clearly over the man, and the policeman jerked it until it tightened about one of the drowning man's arms.

He pulled him upon the pier and then him to the Gouverneur Hospital. He was unconscious and may die. In his pockets were found letters addressed to Fred W. Doe, Brockton, Mass., and a book containing the by-laws of the Shoemakers' Union of the same place, bearing the same name.

### MERIT MAKES IT FAMOUS.

The Only Remedy in the World, Except a Surgical Operation, That Will Certainly Cure Any Form of Piles.

The study of physicians, the experiments of chemists, the loudly advertised pretensions of quacks, have been for years expended in one direction—to find a cure that would cure.

The results have been a number of harmless and in most cases useless ointments, suppositories and even internal remedies, which the public have weighed in the balance of experience and found wanting; nearly all of them gave some relief, but nothing approaching a radical cure resulted from these preparations.

The remedy required is one which will immediately stop the pain so severe in many cases of piles, and then by contracting the small blood vessels (capillaries) to their normal size, produces a radical cure by reducing and finally absorbing the tumor, and healing the inflamed, raw mucous surface.

Until a few years ago no such remedy had been produced, but at that time a suppository was placed upon the market, which has since proved itself to be the long sought permanent cure for this common and distressing trouble. It has rapidly become famous throughout the United States and Canada, and is now sold by all druggists under the name of Pyramid Pile Cure.

It is now the best known, because its merit and safety have advertised it wherever used. It has been advertised by word of mouth, from one sufferer to another; people who have tried everything else, even submitting to painful and dangerous surgical operations without avail, have finally found that piles can be cured without pain and without expense practically, as the Pyramid Pile Cure is sold for the nominal price of 50 cents and \$1 per package.

The Pyramid instantly stops all pain and at the same time contains no cocaine, morphine or narcotics; the acids and healing properties contained in the remedy speedily remove, cause a healthy, natural contraction and absorption of the tumors; it will cure any form of rectal trouble except cancer and advanced fistula, which, by the way, nearly always result from neglecting proper and timely treatment for piles.

A book on cause and cure of piles sent free by addressing Pyramid Drug Co., Marshall, Mich.

## Reclining So-Carts.

GO-CARTS, made of finest quality reed, rubber-tired wheels, patent foot-brake, hardwood gearing, steel springs, 12 different designs, and have the BLOCH reclining attachment and clamp; made to sell for \$18.00; our price, **12.75**

(Third Floor, East.)

## Timely Word About Clothing. This Good News for Saturday.

**M**ANY men wait until the first whiff of Fall weather, such as to-day's, and then suddenly determine to buy heavier clothing. Where to go is an important question. The average man wants the most style and value he can get for his money. And that is where this store is so effective.

### What We Don't Do.

1. We don't manufacture our own clothing.
2. We do not limit ourselves to any one certain brand of clothing.
3. We are under no contracts or agreements; hence we do not have to sell "hobbies," "rejected models," "manufacturers' mistakes," etc., at high prices.

### Journeyman-Tailored Suits for Men.

First of all, THE TAILORING. The Coats are made in the "old-fashioned" way—hand-finished fronts, collars, shoulders, buttonholes, &c. Every detail perfect.

THE FABRICS. Pure worsteds in beautiful patterns, foreign Cheviots and Tweeds, black, navy and Oxford suitings.

STYLES. Any and every approved new shape or model.

Sizes to fit every build of man.
